

JOHNSON MUST HANG FOR MURDER OF BUSH

TREATY MAY BE SIGNED MAY 25 OR SOON AFTER

Terms Will Be Given Enemy Monday—Plan Little Debate.

By Associated Press Leased Wire

If the work of carrying out the last phase of the peace negotiations progresses according to the program outlined in Paris dispatches, the treaty ending the great war probably will be signed early in the week beginning May 25.

Present Terms Monday

The treaty will be presented to the Germans Monday afternoon. Reports from the peace conference indicate that it is to be a "victor's peace," and there will be on oral conversations except the formalities when the treaty is handed over. Fifteen days will be given the enemy to consider the treaty, with an additional five days or a week for the exchange of views between the allied and German delegations.

That at the latest, if present plans are followed, May 27 should see peace reigning between Germany and the allied and associated governments.

Organize League Saturday

A secret plenary session of the conference will be held Saturday, while on Monday a meeting will be held to organize the league of nations. Italy's ambassador is invited to attend such conferences as the regular peace delegation from that country would attend. He had been asked, formally, to be present on Monday at the launching of the league of nations.

The council of three met yesterday and besides considering disposition of German cables, gave Belgium a prior claim on \$500,000,000 of the reparations moneys to be received from Germany.

WILL NOT SINK WARSHIPS

Paris, May 2.—The naval terms to be embodied in the peace treaty, which finally have been completed, do not provide for the sinking of the larger German warships. The disposition of these vessels is left to be decided later by the allied and associated powers.

Chinese to Make Protest

The Chinese delegation is expected to issue this afternoon a statement concerning the settlement of the Kiaochow dispute effected by the council of three. It is understood that the Chinese press has been dissatisfied with the decision.

Forecast of Treaty

The treaty of peace comprises from fifteen to twenty chapters, according to Marcel Hutin of the Echo de Paris. The pamphlet sets forth the reason why the contracting parties entered the war and the necessity for the league of nations. The second chapter deals with German frontiers, and the third contains all clauses connected with alterations of frontiers resulting in changes in the sovereignty of territory. The fourth sets forth the military, naval and aerial clauses, and the fifth takes up the disposition of the German colonies, it is said.

WILSON PRAISES LABOR PROGRAM IN PEACE PACT

Cables Tumulty Plan Will Solve Great World Problem.

By Associated Press Leased Wire

Washington, May 2.—President Wilson called Secretary Tumulty today that in his opinion the labor program adopted as part of the treaty of peace constitutes one of the most important achievements of the new day in which the interests of labor are to be systematically and intelligently safeguarded and promoted.

Mr. Wilson said that he personally regarded the labor program as one of the most gratifying achievements of the conference and believed no other single thing would help more to stabilize the world and ultimately "relieve the unhappy conditions which in too many places have prevailed."

Non-Partisan League Head Will Be Tried

By Associated Press Leased Wire

St. Paul, May 2.—A. C. Townley, the president of the National Non-Partisan League and Joseph Gilbert, a league organizer, must stand trial in Jackson county on charges of disloyalty. The state supreme court ruled today. The decision of the district court, overruling demurrers brought by Townley and Gilbert, who sought to have the indictments quashed, was sustained.

The supreme court ruled that completion of the act which was the subject of the indictment holds Townley responsible for a non-partisan league pamphlet which, the indictment holds, was a violation of the espionage act.

NORTH DAKOTA TO CONTEST U. S. RIGHT TO RAISE RATES

By Associated Press Leased Wire

Washington, May 2.—Counsel for North Dakota filed their brief in the supreme court of the United States today, contesting the government's authority to interfere with intra-state freight and passenger rates. The appeals were brought by the government from state decrees enjoining the Northern Pacific railroad from increasing its rates in compliance with an order of the railroad administration.

What Are Corsets? Underwear, or Not

By Associated Press Leased Wire

New York, May 2.—Are corsets underwear? This problem was put up today to the Commissioner of Internal Revenue Daniel C. Roper, in a telegram sent to the treasury department, Washington, by Lew Hahn, executive secretary of the National Retail Dry Goods association. Mr. Hahn protests that the problem is causing grave perplexity to the dry goods merchants.

The new luxury tax is the cause of the difficulty. An unofficial ruling has declared that corsets are underwear, Mr. Hahn says, and a luxury and taxable. Some merchants are collecting the tax and others are not and Mr. Hahn appeals to Commissioner Roper to put corsets in their proper place, officially.

250 INJURED IN FRANCE DURING MAY DAY RIOTS

Two Hundred Arrested in Cleveland for Disorder May 1.

By Associated Press Leased Wire

Paris, May 2.—Two hundred and fifty policemen were hurt, one sergeant, who was stabbed in the back being in a dangerous condition in yesterday's May Day disorders, according to an official announcement at midnight. Apparently only one person was killed, a youth named Lorne, who, according to reports not yet authenticated, was struck by several bullets. The person who fired the shots is said to have been arrested.

RIOTS IN MADRID

Madrid, Thursday, May 1.—Delayed.—The police and people engaged in a May day demonstration, clashed here this afternoon, 23 police and several in the crowd being wounded.

ONE DEAD IN CLEVELAND

By Associated Press Leased Wire

Cleveland, May 2.—Two hundred prisoners, one of the largest crowds ever brought before police court here, were arraigned this morning as a result of yesterday's May Day disorders. C. E. Ruthenberg, former candidate for mayor on the socialist ticket, was among those detained.

Rioting, precipitated by a socialist parade yesterday afternoon, resulting in the death of an unidentified man and the injury of more than sixty others, two perhaps fatally, was followed by street fighting in many parts of Cleveland last night.

BULLETIN

John Halbmair, aged about 70 years, for many years a resident of Amboy, had both legs cut off by an Illinois Central switch engine. This happened about while crossing over the tracks at the Division St. crossing. He was hurried to the Amboy public hospital where physicians attended him. His condition is considered quite serious. It is reported.

THE TICKER SAYS:

By Associated Press Leased Wire

Cleveland, May 2.—It became known today that two machine gun companies on motor trucks, were mobilized outside the city yesterday to suppress any disorder with which the police were unable to cope.

Reading, Pa., May 2.—Because they paraded on May Day, after being warned that every man was expected to be on duty, the 250 employees of the Carpenter Steel company were discharged today. They held another parade today.

Minneapolis, May 2.—Mike Collins, the local boxing promoter, today telegraphed Tex Rickard an offer of \$135,000 for permission to promote the Willard-Dempsey fight, proposed for July 4th.

San Salvador, May 2.—Seventy persons were killed and more than 500 persons were injured by the earthquake of April 23. The damage was extensive in this city and nearby towns to which the earth shocks were confined.

Brownville, Pa., May 2.—An explosion believed to have been caused by a bomb in the office of Burgess Charles H. Storey, destroyed the municipal building and shattered windows for several blocks in the business district.

Greensboro, N. C., May 2.—The child labor section of the war revenue bill, placing a prohibitive tax on products of child labor entering interstate commerce, was declared unconstitutional today by Federal Judge James E. Jess.

Rome, Thursday, May 1.—(Delayed)—Camillo Barone, the French ambassador to Italy, had a long conference today with Premier Orlando concerning developments in Paris since the departure of the Italian delegation.

Washington, May 2.—The postmaster at Americus, Ga., reported today that he had held up a "suspicious registered package" mailed from New York with a Gimbel Brothers tag, and addressed to a prominent citizen of Americus. None of the packages containing bombs seized heretofore was registered.

Paris, May 2.—The credentials committee of the peace conference today examined the German credentials received at Versailles yesterday. There is no disposition, it is said, to raise any questions regarding the competency of the Berlin government to speak for the remainder of Germany.

Paris, May 2.—Negotiations between the financial commission of the allied supreme council and German financial delegates, were resumed today at Versailles.

ROMANIAN KING AND HIS TROOPS NEAR BUDAPEST

King Ferdinand Leads Attack—Bavarians Occupy Munich.

By Associated Press Leased Wire

Vienna, May 2.—King Ferdinand of Rumania, accompanied by French generals, is about to enter Budapest, the captain of Hungary, at the head of his troops, a Bucharest dispatch to the Neue Freie Press says.

MUNICH IS CAPTURED.

By Associated Press Leased Wire

Paris, May 2.—Bavarian government troops captured Munich from the communists on Thursday morning, according to advice reaching here today.

BERLIN QUIET MAY DAY.

Berlin, Thursday, May 1.—(By Wire)—less to London.—The first of May brought with it, for the first time, almost complete observance of the workers' holiday in Berlin. Nearly all means of communication were shut down and factories, shops and restaurants were closed.

Walks en masse to L. suburbs were indulged in by the populace. Up to the early afternoon no incidents had occurred.

MORE BUILDINGS AT STATE "U" ARE NOT LIKELY NOW

House Sub-Committee Recommends Action Be Postponed.

By Associated Press Leased Wire

Springfield, Ill., May 2.—Recommendation against the erection of any new buildings at the University of Illinois for the biennium 1919-1921 is included in the report of a sub-committee of the house appropriations committee made public today.

"Some new buildings are needed," said the report signed by Representative Randolph Boyd of Galva, chairman of the sub-committee, "but at this time we do not feel that it is the proper time to make such improvements." The sum of \$200,000, however, is allowed "for buildings," and a similar amount for repairs on present buildings.

The report said the buildings and grounds were found to be in good condition. "There should in the future be some attention given," it continued, "to the following departments where more funds could be used to good advantage: agriculture, engineering, educational, and one building for the fine arts, and the college of veterinary science would be a great advantage in the right direction."

House Sub-Committee Against Home Rule

By Associated Press Leased Wire

Springfield, Ill., May 2.—Forebodings of a storm in the house next week were evident today when Representative McCabe of Lockport said he would make a fight to have the house discharge the sub-committee of the committee on public utilities and transportation in which all public utility bills are pending.

Charges have been made covertly that the sub-committee of eleven would "color" the bills to abolish the public utilities commission and also to give municipalities "home rule" over utilities. The sub-committee has had one meeting.

Loan Lags; Chicago is Far from Quota

By Associated Press Leased Wire

Chicago, Ill., May 2.—Victory loan campaign officials today reported Chicago's total subscriptions since the opening as \$71,784,500, which they regard as disquieting in its distance from the quota of \$129,225,000. Throughout the seventh federal reserve district outside of Chicago reports showed progress.

NATION FAR BEHIND

By Associated Press Leased Wire

Washington, May 2.—With indicated subscriptions of \$1,500,000,000, one-third of the victory loan quota the country still lagged today behind the record made in both the fourth and third loans.

The number of individual subscriptions is falling off in several districts, notably Boston, and treasury officials said extraordinary efforts would have to be made to equal the record of 20,000,000 subscribers to the fourth loan.

THE WEATHER

FEDERAL AGENTS CONTINUE DRIVE ON RED ELEMENT

Bomb Material Found in New York By U. S. Officers.

By Associated Press Leased Wire

New York, May 2.—Federal and police investigators of the nationwide bomb conspiracy to assassinate prominent men said today they had a clue that might lead to the discovery of the conspirators, when the manufacturer of the peculiarly designed paper with which the boxes containing the deadly contrivances were covered, informed them that not more than a few hundred sheets of the paper had left his stock. He was unable to furnish a list of his patrons who received the paper as samples.

START ROUNDUP OF REDS

By Associated Press Leased Wire

New York, May 2.—A large quantity of explosives confiscated by police and federal agents at a house in West 45th street was being examined at police headquarters today in connection with the investigation of the conspiracy to kill prominent men by mailing bombs to them. Officials announced that the house was raided last night by the police "bomb squad."

It was reported that warnings had been cabled to members of the peace delegation in Paris. However, it was declared, there was no definite indication that any bombs had been sent abroad.

AGITATOR TAKEN IN CHARGE

Chicago, May 2.—Luigi Colombini, called a "socialist agitator" by the police, will be taken before the federal court today in an effort to have him deported. He was arrested for a threat to kill in an argument with Nicholas Pasquini over activities of the authorities in suppressing May Day demonstrations.

MORRISON GAS PLANT BLOWN UP

Morrison, Ill., May 2.—The gas plant owned by the L. N. U. Co., which is located near the business district of the city, was destroyed by an explosion of unknown origin at about 8 o'clock this morning, just as the day's run of gas was started. Harry Schuler, the only employee in the building at the time, was blown through a window, but escaped injury. Flames burst out in the ruins immediately after the explosion and threatened the large reservoir but that was emptied before the fire got to it, and thus a terrible explosion was averted. The concussion was felt for miles around Morrison, and every house in the city was shaken. The walls of the Schuler grocery, which is also half a block from the gas plant, were badly damaged, and many windows were broken. Gas patrons in Morrison, as a result of the accident, are without fuel or lighting facilities.

TIRE THIEF IN COURT.

Leo Lindsey, aged 34 years, of Numa, Aponeos county, Iowa, was brought back to Dixon today for the theft of a tire from a car owned by some days before the shooting of Bush.

JOHNSON HAS WIFE.

Lucas is not married, but Johnson has a wife, who is now somewhere in Kentucky. She wrote to Dixon that she would be here for the trial, but another letter said that the illness of her brother prevented her appearance here.

Attorney Gannon told a Telegraph reporter after the verdict had been rendered last evening, that he would move for a new trial for Johnson and Lucas within a day or two. Attorney Gannon stated that he was still convinced that his clients were telling the truth and declared that he intended to fight the death sentence imposed upon Johnson to the last ditch, and would leave nothing undone in the efforts to procure at least a modification of the sentence.

NEW CARS FOR FREEROT.

The N. U. Co., which operates the city street car line at Freeport, has placed orders for three new modern safety cars for use there, delivery to be made about the middle of July. The cars, which are of the latest design and equipment, will be ready to operate as soon as they arrive in Freeport, and will cost the company about \$5,000 each.

ANOTHER WHITE FROST.

Jack Frost joined the Bolsheviki on May Day, and he didn't have to cry enough to quit his celebration with sunset, but paid the community an intense visit during the night. Fruit growers, however, are optimistic, and of the opinion that the recent frosts have done no damage unless it should be to the plums and earliest cherries.

REV. ASHWORTH COMING.

Rev. G. H. Ashworth, of Sycamore, pastor of the Universalist church here, who has been supplying the pulpit of the Peoples' church in this city, and who had found it impossible to come here for several weeks, writes The Telegraph that he will be here Sunday to resume services, details of which will be found with the regular church announcements.

ELKS HAD FINE PARTY

The Dixon Lodge of Elks held a fine May party, the first of a series of annual affairs, in Rosbrook hall last evening. About 300 persons were present and the hall was crowded. The new house committee of the lodge is starting out the right way to make a record for itself.

COMPTON MEETING.

A big Victory Loan meeting, at which time it is hoped to put the Compton precinct over the top in the present drive, will be held there tomorrow evening, with State's Attorney Harry Edwards and John H. Byers, of Dixon, as speakers.

TO GUARD NEGROES.

Sheriff Frank A. Schoenholz this afternoon appointed a special deputy to guard both R. E. Johnson and Alfonso Lucas during the time they remain in the county jail. Ex-chief of police John Gaffney was selected by the sheriff to watch the prisoners during the night hours.

The negroes were placed in separate cells today, where they will be taken from time to time by their guard for exercise in the corridors, but will be watched very closely as long as they remain in custody of the sheriff.

MAN SENTENCED TO DIE HAD ONCE SERVED IN ARMY

Johnson Spent Thirteen Years Under Old Glory.

LUCAS IS FROM PEORIA

R. E. Johnson, condemned yesterday by a Lee county jury to die on the gallows for the murder of a fellow workman at the North-Western railroad shops at Nelson last December, has been about the world some. This very black, slim, wiry and intelligent appearing negro was born in England, in Southampton, 32 years ago. When he was about eight years old his parents took him to British Columbia. He lived in Canada until he was about 16 and then came to the United States. At the age of 17, according to his story he enlisted in the United States army and served for 13 years, having been discharged but a few years ago, when he went to Keokuk, Iowa. He has been in Texas and in Kentucky, and last August he came to Dixon.

Witnessed Killing.

Johnson was a witness in the corner's inquest over the killing of Dawson, a colored man at the cement plant who was shot by Sam Starks who claimed he shot in self defense when Dawson came at him with a knife. Starks was recently sentenced on a bootlegging charge at a now in the county jail. He was testified in favor of Starks at the Dawson inquest. Starks was released, there being no evidence against him.

Went to Nelson.

Soon after this affair, Johnson went to Nelson to work for the Chicago & North-Western railway in the yards. He worked there until the latter part of October, when he returned to Dixon and took up his residence at the home of Sam Starks near the cement plant, where he stayed until the fateful day of December 6th, when he went to Nelson, after "Curley" Wilson, another negro, had come to Dixon to see Johnson and Lucas and ask their aid in settling his troubles with George Bush, also colored, a workman at Nelson. Bush, so Wilson claimed, had stolen his revolver, and he intended to get it back or "get Bush" according to testimony.

Johnson and Lucas went to Nelson that same afternoon, not, however, in Wilson's company. They landed there late in the afternoon, and the evidence of the prosecution shows that Johnson, Lucas and Wilson, all armed, went about the yards seeking Bush, whom they finally found, and according to several witnesses, shot down in cold blood, and fled from the scene. Johnson and Lucas were arrested a few weeks later at Hannibal, Mo. Wilson was with the pair shortly before the arrest, but escaped.

Lucas From Peoria.

Alfonzo Lucas, sentenced simultaneously with Johnson, for imprisonment in the penitentiary for not a murder, but a natural life, is reported to be from Peoria. He also was a witness in the Sam Starks case, and testified in favor of Starks. He was working at the cement plant near Dixon during the shooting of Bush.

Johnson Has Wife.

Lucas is not married, but Johnson has a wife, who is now somewhere in Kentucky. She wrote to Dixon that she would be here for the trial, but another letter said that the illness of her brother prevented her appearance here.

Attorney Gannon told a Telegraph reporter after the verdict had been rendered last evening, that he would move for a new trial for Johnson and Lucas within a day or two. THE PROSECUTOR.

STATE'S ATTORNEY EDWARDS.

The Lee County prosecutor, whose record of convictions is equal to that of any official in the state, and much better than many, added further proof of his ability in the prosecution of Johnson and Lucas. His presentation of the case was masterful and he is the first Lee county State's Attorney who has been able to secure a verdict of death.

IF JOHNSON HANGS

If R. E. Johnson hangs, as the jury has decided, it will be the first hanging in the history of Lee county and the first hanging since 1872 in this judicial circuit. It will be the first death penalty carried out by Judge Heard. In 1872 Carroll County had a hanging, in a case in which a change of venue was taken to Carroll from Whiteside County.

GANNON BENEFITED BY THIS CRAP GAME

Attorney Martin Gannon got \$21 yesterday morning that he hadn't expected to receive. It was handed to him by Johnson and Lucas, the colored men who were last night convicted on murder.

The colored men have been confined in the county jail, and when four Italian automobile bandits were apprehended near here the other day, and spent the night in the jail, Johnson and Lucas were on the floor of one of the cells, somebody had smuggled a pair of dice into the jail. Johnson and Lucas had funds to the extent of 15 cents. The Italians had a "roll" with them. On this shoestring capital, but with remarkable enterprise and optimism, Johnson and Lucas started a game of "crap" on the floor of one of the cells, risking their last three tinneys. The two colored artists cleaned up the Chicago badmen to the extent of \$21, which they thoughtfully turned over to their attorney the next day.

NEW FARE REGISTERS ON S. D. E. CITY CARS

New fare registers are to be installed on the city cars of the S. D. & E. Co. It is expected, will greatly facilitate the operation of the cars, which now have difficulty in maintaining schedule since the motormen are not allowed to have the car in motion while they are making change. The new Johnson fareboxes, which will be installed, will be so located that the passenger will deposit the fare, which is automatically registered, but is so arranged that the conductor always has the money with which to make change. It is expected the new boxes will be installed and in operation in about two weeks.

MODERN WOODMEN TO ATTEND CHURCH MAY 11

Members of the Modern Woodmen of America at their meeting last evening decided to attend Mothers' Day services at the Methodist church on Sunday evening, May 11. An invitation will be extended to the Royal Neighbors to attend with them. Eight candidates were initiated last evening. The meeting was attended by about 60 members. The Rock Falls camp had planned to send a delegation to the meeting, but none were present. At the close of the evening's business session, a lunch was served by the social committee.

MARRIED; IS IN JAIL.

(Special to The Telegraph.)

Sterling, Ill., May 2.—William Webster, aged 22, of Oregon, who is being held by the local police on advice from Department of Justice officials in Chicago, who say he is absent without leave from Camp Grant, and Miss Wilma Burkhardt, aged 18, of Dixon, who had been visiting in Rock Falls, were married by Justice I. L. Weaver here last evening.

STECHEER WON MATCH.

A number of Dixon wrestling fans attended the Stecher-Sampson match at Sterling last night, which was refereed by Dan Vore of this city, and all pronounce it a fine event. Stecher won two straight falls, the first in 30 minutes, the second in 14.

IMPRISONMENT FOR LIFE FOR ALFONZO LUCAS

First Death Sentence in History of Lee County.

MAY DIE FRI., JUNE 13

"We, the jury find the defendant, Johnson, guilty of murder. We find his age to be 32 years and we fix his punishment at death."

"Signed by the Jury."

"We, the jury, find the defendant, Lucas, guilty of murder. We find his age to be 31 years and we fix his punishment at imprisonment in a penitentiary for his natural life."

"Signed by the Jury."

These fateful words rang out to a hushed, awed and solemn little audience in the Lee County Circuit court room last evening at 8:10 o'clock when the jury in the murder case of the People vs. R. E. Johnson and Al Lucas, both colored, brought in their verdict after nine hours of deliberation.

Hanging Middle of June?

Lee county is to have its first hanging. The date of the execution which will be set by the court has not been announced, but, according to the statute, it cannot be set before about the middle of June, which may bring it on Friday, the 13th day of June. Sentence will not be passed by the court nor the date of execution fixed until after the defense has argued its motion for a new trial.

The two negroes have been convicted of the murder of George Bush, also colored, at Nelson on the sixth day of last December.

The prisoners, who had been brought to the court room from the jail to hear sentence passed upon them, sat with their wrists manacled together, facing Judge Heard and the jury.

Johnson Hears Doom

Johnson, condemned to hang for the murder of George Bush, heard his doom first. The court had addressed Wells, asking the foreman, Arthur Wells of Peoria, whether or not a verdict had been reached, and upon receiving an affirmative reply, directed that the verdict be delivered to the clerk of the court, Edwin Rosecrans.

Separate verdicts had been rendered for each of the defendants. Judge Heard reached for the verdicts and looked them over, while a dead and painful silence fell over the big room; even the breath of the small group of court attaches, attorneys and spectators being suspended for the moment.

The judge turned and handed the verdict to the Circuit Clerk, who glanced them through and started reading, his words, carrying death and abandonment of hope, cutting through the silence like a knife.

Johnson Made No Sign

Johnson and Lucas, chained together and hearing their dreadful fate, sat still and tense with their eyes fastened on the speaker.

When the last and fateful word in Johnson's sentence, "death," had been pronounced he moved not a muscle. Not a flicker of an eye-lash nor a twitch of a finger nor a hint of agitation of any kind. He continued to sit and stare, as still as a block of stone.

Lucas Flinched Slightly

Next came Lucas' turn. He sat wide-eyed, as still as a block of stone. Not a flicker of an eye-lash nor a twitch of a finger nor a hint of agitation of any kind. He continued to sit and stare, as still as a block of stone.

A solemn silence again dropped like a pall over the room for a moment as the significance of the verdict sunk in. Then Judge Heard announced that the word "crimes" on the floor of one of the cells, risking their last three tin

COMMUNITY EXPERT GAVE ADDRESS HERE

Allen Albert Explained Plan for Organization of Council.

About thirty representatives of different clubs and organizations of the city attended the Community Council meeting at the city hall last evening, where they listened to a fine address by Alfred D. Albert on the good which can result from Community Councils. The speaker so inspired those who heard him that they perfected a temporary organization which will attempt to interest every lodge, club and religious and civil organization in the city; after which a big meeting will be called for the purpose of forming a Council. The committee in charge of the preliminary work is: Chairman, Attorney E. H. Brewster, Mrs. John Ralston, Mrs. Z. W. Moss, Miss Florence Noble, Rev. E. C. Lumsden, Mayor Mark D. Smith and Rev. H. M. Babin.

Mr. Albert, who is a community expert, said in part:

"The towns of Illinois learned more about themselves of co-operation during the world war than in all their lives before."

"This was true of all the towns of the nation. But it was conspicuously true of those of our own state."

"The Council of National Defense, looking on at this gain and seeing it register itself in every American cause while the war lasted, has sent out a call to the people of American towns that they keep this gain as one of the finer things of the war."

"Single communities, here and there in the nation, have shown that this is practical. They call their partnership

organizations 'Community Councils' or 'Community Conferences.' We invite the men and women who have been helping the National Council of Defense to be leaders in continuing the same kind of co-operation in peacetime by organizing 'Community Councils.'

"Everybody wants to know two things right away."

"Who belongs to a Community Council? What does it do?"

"Almost everybody can belong—great bodies, like the Chamber of Commerce, the Woman's club and individuals."

"What does such a body do? What good is it? What is its practical value?"

"The best answer is this:

"It gives the people the machinery for getting together behind good causes without regard to political party, creed, or social position, or any other of the cleavages that have kept up apart until the great war."

"But it will help to be a little more specific than that."

"In one town the cause that appealed to everybody, from the very day the Council held its first meeting, was the condition of the streets. The authorities could not get money enough to keep them clean. The people were mad through and through at the authorities. The delegates talked the matter over more carefully and more calmly than at any public meeting in years. And the result was that the cause of clean streets in that town was at one move lifted out of party politics and made the concern of all the people."

"In another case the great need was a school in which boys could be trained who had been required to go to work."

"In another it was the saving of life through the reinforcement of the department of health."

"In another it was the providing of play leaders."

"In many cases it will mean general education in public needs—sewers, water service, Americanization, community hygiene, and the war against the Red plague."

"Tersely, the movement can be put, I suppose, in this one phrase:

"The Community Councils give the

people a chance to pull together for good."

"It is the value of having the people meet together, and to know each other, and to come to trust each other. The American people are all right. They have their faults. But it is not half so much their faults that makes them mistrust each other as this misunderstanding of each other."

"Everybody knows the story of the author of 'Essays of Elia.'"

"I h-h-hate that man!" said Mr. Lamb in his stammering way.

"Why Mr. Lamb?" his sister answered. "I didn't think that you ever knew him."

"I d-d-don't know him. If f-f I knew him, d-d-do you th-th-think I could h-h-hate him?"

"One of the great losses of these later days has been the passing of old-fashioned neighborliness. You have felt it. Everyone of us have. Our working together for the Red Cross, the Liberty Loan, the welfare of troops, the care

of the wounded—this gave us back some of the neighborliness."

"Let us keep what we gained of it for the good of this town. We shall not then fear Bolshevism among those we know as friends; we shall not lack for social conscience among employers, or for loyalty among workmen, when they know each other and esteem each other. Socialism, anarchy, lawlessness, rape, Bolshevism are conceivable only among classes that do not know each other."

"Such knowing of each other, such neighborliness, such brotherhood are the very essence of Democracy. If it fails, Democracy fails. If it succeeds, it is the very Spirit of the Master at work among men."

GREAT MUSICIAN HERE.

Gatty Sellars, the great English organist and composer, arrived in the city this morning for two organ recitals which he will give at the Baptist church today, one at 4:15 in the afternoon, and the other at 8:15 in the evening. These programs will be the same, the afternoon performance being given by Mr. Sellars simply to the interest of those who may be able to hear him in

the afternoon, but could not attend in the evening. Mr. Sellars already has a considerable reputation among Dixon musicians both as a composer and as a performer. Many of his works are recorded by the Columbia Graphophone company. It is certain that recitals today will be of extraordinary value to those who shall be fortunate enough to hear them.

"Honest to Goodness" DOUGHNUTS

The kind you can't get enough of—doughnuts everybody relishes—doughnuts that are light, fluffy and tender as any cake. This is what you get when you use

CALUMET BAKING POWDER

"BEST BY TEST"

The ideal baking powder wherever baking powder is needed—insures greatest baking savings and guarantees better baking results. In doughnuts—in any baking—you are assured tasty, tender, evenly raised goodies that are thoroughly wholesome. Used by more housewives than any other. Double the usual leavening strength. Made in the world's largest, finest, most sanitary baking powder factory.

CALUMET DOUGHNUTS

1/2 Cup sugar	1 Egg	2 1/2 Level teaspoons Calumet Baking Powder
3 Level teaspoons shortening		
1 Level teaspoon salt		2 1/2 Level cups flour
1/2 Cup milk or water		Lemon and mace flavor

How to make them—Cream sugar and shortening together, add well beaten egg. Then add milk. Next mix in flour and baking powder well sifted together. Work dough as little as possible. Turn out on well floured board and roll out quarter inch thick; cut with doughnut cutter and fry in boiling hot fat.

This is one of the many famous Calumet recipes, furnishing America's tables with more delicious bakings. Cut out and paste in your recipe book for future reference.

Observe This

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

PRAIRIEVILLE SOCIAL CIRCLE.

Twelve members made their way, in spite of disagreeable weather and bad roads, to the home of Mrs. Oscar Miller Wednesday to convene the regular semi-monthly meeting of the Prairieville Social Circle. Two guests were also present, Mrs. Ira Rutt and Miss Bertha LeFevre.

After the good scramble dinner at one o'clock the business session was opened by a chapter read from the Bible, followed by the Lord's Prayer. A little change from the usual program was then enjoyed, as was evidenced by the perfect quiet in the room, when the hostess played two hymns on the Edison phonograph. The reports of the several committees and the treasurer as well were then listened to with interest.

A pleased look visited the countenance of each member when the chairman of the latest food sale, held in the Pratt-Reed Grocery Co. store, this city, gave her report, showing that the sale netted \$33.00.

The corresponding secretary wishes to rectify an error made in her last report, when it was stated that \$15.00 was received from the "Volunteers' Club." Instead the club donated \$15.00 toward the new platform recently built in the Prairieville church and paid for the rugs to cover the same, the latter costing \$27.00.

The next meeting of the Circle will be held at the home of Mrs. Horace Gilbert.

BLUM-LEVAN WEDDING.

Wednesday afternoon at three o'clock a beautiful wedding took place at St. Patrick's church. Rev. Father Michael Foley performed the ceremony uniting in marriage Miss Estella Levan, daughter of Mr. and Mrs. Mathias Levan, of South Dixon, and Mr. Carl Blum, son of Mr. and Mrs. William Blum, of Nachusa. The bride was attended by her sister, Miss Frances Levan, as maid of honor and Arthur Blum was his brother's best man.

The bride was beautifully gowned in Georgette crepe over silk, with head trimming. A veil was worn, held in place with a wreath of white buds and green leaves. She carried a bouquet of white carnations.

A white silk poplin gown was worn by the maid of honor. Her hat was white and she carried pink carnations. After the ceremony the bridal party went to the home of the bride's parents where a three course supper was served.

Both young people are highly respected by their many friends. The bride is a popular young lady who has taken an active part in the work of the community. She has been a successful teacher for the past eight years. The groom is a prominent young man of sterling qualities and has many friends. Both were reared in this county and will continue their residence here making their home on

TWO ORGAN RECITALS

Gatty Sellers, great English organist, at Baptist church today. Afternoon at 4:15. Evening at 8:15. Admission 50 cents. Children under twelve, 25 cents. Fine program. Don't miss this unusual opportunity to hear a performer of international reputation. Mr. Sellers makes a concession in coming to a town no larger than Dixon, as he commonly gives concerts in much larger places. The afternoon program the same as for the evening, is especially given in order that those who cannot be present in the evening may hear him.

"THAT WELL DRESSED LOOK"

Shown in Fascinating Style Review on Screen.

America's First Complete Film Style Show Announced.

In these days of movies and more movies, it is a very pleasant surprise that awaits the woman who makes it her business to see "That Well Dressed Look," a motion picture sensation which will be shown at the Family Theatre, Monday May 5th. The picture is a complete little style play in itself, and is an exact replica of what one might hope to see only in the most exclusive maisons of Paris and New York. Coats, suits, manteaux for the coming season, all the mysterious of the last word in outer apparel, are daintily and luxuriously revealed to milady in bewildering succession.

sible, and the services of the world-famous artist Hy-Mayer were called in to provide a novelty that is really too good to divulge here in its entirety. Suffice it to say that the birth of a fashion is for the first time visualized before your very eyes.
Mr. Rorer of the Family Theatre is very much enthused in having been able to procure this picture for the better information of the fair sex and is doing everything in his power to insure proper interest among the women patrons of his theatre. He is certain his efforts will meet with gratifying success. He has obtained the fullest assurance of the correctness of the styles shown and has personal knowledge of the entertaining qualities of the picture.

AGE'S COMPETITOR.

Just a few days ago a man past eighty
told a friend:

"I can't keep up with the young fel-
lows. I can't make a living."

A few hours later he was dead. They
found him in his room with the gas jet
open.

A few years from now the young man
of today will be an old man. His energy
and ability now is a heavy tax on the
older generation, but the competition
when he is old will be even keener.

Age's competitor is always youth.
The younger generation that is growing
up around us is by force of environ-
ment a more formidable youth than any
other generation ever faced. Educators
are conceiving and improving educa-
tional methods so that they are becom-
ing swifter and more effective. Indus-
try is being presented to the boy so
that he leaves school and goes into bus-
iness with a running start. Things that

business men of today labored years to
learn are part of the mental require-
ment of the boy graduate of this gen-
eration. The whole trend is to start
youth into the world almost where
man's experience has left off.

The moral is that the young man of
today must not allow himself to rest
with the education he now has. He
must read, study, learn. In a few years
the new generation will be on his heels,
unless he does.

20 YEARS AGO IN
DIXON TELEGRAPH

Charles Lynn, superintendent of
rural free mail delivery service, spent
the day in Dixon and in company with
Fred Lawton, made a trip over a pro-
posed trial route through Palmyra.
They sketched a tentative route from
Dixon west to Prairieville, north to
Sugar Grove and back to Dixon. He
announced that rural free delivery
would be given a trial about July 1.

Henry Recken accepted a position at
C. Gonnerman's furniture store, suc-
ceeding Conrad Salzman, resigned.
A new 100-gallon cyprus water tank
at the J. L. Hartwell place collapsed,
falling through the milk house and do-
ing damage to the amount of \$100.

Maximum and minimum tempera-
tures for the day: 66 and 43.

Rev. Father Swanson of St. Patrick's
Catholic church, Dixon, exchanged pul-
pits with Father Fegers of Sacred
Heart church, Sterling for the day.

The Pinkerton detective who had
been working on the Thomas case at
Paw Paw gave his report that the evi-
dence indicated suicide rather than
murder.

TEN YEARS AGO IN
DIXON TELEGRAPH

Mrs. Arthur Gumtau, daughter Miss
Gertrude and Miss Ida Pressler left
Dixon for an extended visit with rela-
tives in Germany.

The Daughters of the American Rev-
olution elected the following officers:
Regent—Mrs. Kenower.

Vice Regent—Miss Jennie Laing.
Recording Secretary—Miss Mary
Pankhurst.

Corresponding Secretary—Mrs. Dor-
othy Law.

Treasurer—Mrs. R. W. Thompson.
Registrar—Mrs. Anna G. Burnham.

Historian—Mrs. Anna Dement.
Maximum and minimum tempera-
tures for the day were: 57 and 30.

The Telegraph advertised that be-
cause of the high price of paper single

copies would thereafter be five cents
each.

J. W. Hampton of 416 West Second
street, advertised he would clean wall
paper for \$1 per room.

TROOP ARRIVALS.

By Associated Press Leased Wire

New York, May 2.—More troops of the
77th (Liberty) division, mostly drafted
men of New York, arrived here today
when the Nieuw Amsterdam reached
port from Brest with 2070 officers and
men. The units included detachments
assigned to Camps Grant, Dodge and
other western points.

NEW ARMAMENTS TO
BE GIVEN POLICE

Commissioner William V. Slothower
of the department of public health and
safety has a plan under consideration
for the improvement in equipment of
the Dixon police force. A similar plan
was considered by former commissioner
A. B. Whitcombe but no definite action
was taken by the old council.

It is the plan to have the city pur-
chase enough sets of standard hand-
cuffs and come-alongs to provide each
officer with one of each set. Another
plan is for the city to purchase the very
best make and model of police revolv-
ers. Each of the officers would be
equipped with standard revolvers, hand
cuffs and come-alongs for which he
would be personally responsible during
his length of service on the force.

Such a plan has been adopted in
many cities, providing each officer with
the very best police equipment and
holding him responsible for its upkeep.
It does away with policemen carrying
revolvers of ancient type and various
calibres and makes, providing them
with the very best equipment that ev-
ery officer should carry. This plan
will doubtless be presented to the coun-
cil at an early date for their consider-
ation.

Don't miss the play, "Under Cover"
to be presented by the Senior class of
the Dixon high school at the opera
house tonight.

BRITAIN TO ISSUE GREAT
NEW LOAN 4 PER CENT

By Associated Press Leased Wire

London, May 2.—The British govern-
ment is about to offer a great new loan
equivalent to five per cent consols un-
less this decision is altered at the elev-
enth hour, says the Daily Mail. The
newspaper adds that the loan will take
the form of consolidated stock bearing
four per cent interest. The issue price
will be eighty.

DIXON OPERA HOUSE.

At the Dixon opera house on Satur-
day night, May 3rd, will be presented
the smartest of musical comedies, "The
Honey Moon Limited" which continues
to break all records among the late mus-
ical shows. "The Honey Moon Limit-
ed" was written by Frank Cummings

with the music by Carl Haller and is
presented by Chas. F. Yale. For a
coast to coast tour a special organiza-
tion of well known favorites have been
assembled and the greatest care has
been taken in selecting this "The Honey
Moon Limited" cast. The company
numbers 35, including a Broadway pony
ballet.

readings and music on the program
and a banquet at the close of the pro-
gram. Mr. Kaylor, deputy of the dis-
trict, conducted the anniversary meet-
ing.

RED CEDAR SHINGLES

Five Reasons why the HASTINGS CANADIAN
JOINTED EDGE SHINGLES ARE THE
BEST SHINGLES TO BUY.

- 1.—They are manufactured from the best virgin
timber.
- 2.—They are WARRANTED all CLEAR and VER-
TICAL GRAIN.
- 3.—They LAY FARTHER because they are
PACKED CLOSER than the other shingles.

SHEEP RAISERS OF COUNTY INTERESTED

County Advisor L. S. Griffith has received detailed information from the Illinois Agricultural association which will be of considerable interest to sheep raisers of Lee county, the information dealing with co-operative marketing of wool. Detailed plans are on file in the office of the county advisor and definite information will be mailed to all who are interested in a short time.

In order to know how much wool there will be in Lee county to be marketed under this plan, sheep raisers will be asked to fill out a printed form which will be sent to them and to be returned to the office. Upon receipt of the card the information of the marketing plan will be forwarded. Plans will then be worked out for shipping the wool from one or more points in the county.

Briefly, the plan is—Each lot of wool is bagged and tagged with the owner's name. It is shipped with other lots to Chicago where it is graded and sold to the manufacturers. The charge for handling will be two and one-half cents per pound, and this charge includes unloading, grading, storage, insurance, selling and loading out to the purchaser. If the wool is not sold within four months after being received, a charge of 15 cents per month per bag of wool will be made to cover storage and insurance. It is possible to receive 75 per cent of the approximate value of the wool at the time of delivery to the warehouse.

SOIL ASSN. BOARD TO MEET NEXT WEEK

The executive committee of the Lee County Soil Improvement association will hold a very important meeting at the office of County Soil Advisor L. S. Griffith Tuesday afternoon, beginning promptly at 1:30. Several matters of vital importance are to be discussed at this meeting. One of the features will be an address by James H. Green, state leader of the junior extension department of the University of Illinois. He will explain boy's and girl's club activities.

The possibility of holding a farmer's picnic this year will be another topic which will be decided upon at this time. This annual affair was postponed last year on account of war activities. Many have expressed a desire and willingness to hold a picnic this year probably before the harvest or after threshing time. The county fair grounds east of Amboy will probably be decided upon as the most suitable location for the holding of the picnic.

The advisability of forming a party of farmers from this county to take a special train to the state college of agriculture in June will be another topic to be discussed at that time will be with reference to taking a series of automobile trips through the summer to various parts of the county for the purpose of studying soil and stock raising conditions.

EXPECT 150 MEMBERS.

Assistant Advisor D. E. Warren, leader of the Boy's and Girl's Pig club of Lee county, announced this morning that from present indications, the club this year will almost triple its membership of last year. It will be recalled that a total of 56 members enrolled last year. More than this number are enrolled at this time. Applications are coming in every mail and it is believed there will be no less than 150 members of the club this year.

For a time it was feared that pure bred stock breeders would be unable to supply the demand for pigs this season, but the county leader is receiving communications from many farmers in the county who are not members of the Breeder's association, who have offered pigs to the club this spring.

SUBLETTE ELEVATOR CO.

The officers and directors of the Sublette Farmer's Elevator company will hold a meeting in the office of Attorney William Leech in Amboy tomorrow morning. A meeting was held in Sublette yesterday at which time an invoice of the Bieber stock was taken and the purchase of the elevator property, consisting of the elevator, office and lumber sheds, was made. The new company plans to make repairs on the property which is now being operated by them. For the time being, one of the members of the new company will have charge until a manager, who has been secured, can move to Sublette.

TO AWAIT WARM WEATHER.

Upon two occasions this spring County Advisor Griffith has announced a calendar of township meetings of farmers to be held among the farmers in various parts of the county. The second announcement was made early last week for a series of four township meetings to be held this week. Both

trips have been abandoned on account of rain and bad roads and the advisor now feels that it would probably result more favorably to await the warmer weather before preparing a third schedule.

MASONS TO LEE CENTER.

About 30 members of the Masonic lodge of Amboy went to Lee Center last evening where they assisted in the exemplification of degrees. The candidates were Dwight Miner and James Reed. The work was conducted in the Masonic hall early in the evening and when completed the visitors and lodge members were served with a very enjoyable banquet by the ladies of the Eastern Star.

CO. S. S. CONVENTION.

The Lee county Sunday-School convention convened in the auditorium of the Congregational church at Amboy yesterday and will continue through today. The condition of the weather and roads interfered considerably with the attendance at yesterday's sessions but a much larger number of delegates and visitors attended today.

OBITUARY.

MRS. C. C. BARNETT

Maude C., daughter of Henry and Melissa Baker, was born June 19, 1881 at Canton, O., and departed this life April 28, 1919 at her residence in the vicinity of Pennsylvania Corners, aged 37 years, 10 months and 9 days. She grew to womanhood in her native state, where she was united in marriage with Clinton C. Barnett. To this union were born two daughters, Ruth and Blenna. In the spring of 1911 she accompanied her family to Ogle county, Ill., settling in this vicinity, where she had since resided. On October 5 of the same year she united with the Christian church, and she continued a faithful, active, consistent and helpful worker in the church, Sunday school, Aid society and the Red Cross, although during the last year of her life she battled against illness and affliction. Besides her husband and two daughters she leaves to mourn her passing, one sister and five brothers, all of Canton, O., and many friends.

The funeral services were conducted at the Christian church at Pennsylvania Corners Wednesday afternoon at 2:30 o'clock, with burial in Evergreen cemetery, Rev. D. F. Seyster officiating. The pall bearers were: David Bovey, George

Babcock, Conrad Stein, Frank Cunningham, Clinton Steuffer and Ray Neary. The relatives from Canton, who came to attend the funeral, were the deceased's brothers, Ojeda, John and Harry Baker, and Mr. Barnett's sister and brother, Mrs. O. C. Greenwalt and Lloyd Barnett.

ACTIVE TRADING IN CORN CAUSES PRICE STRENGTH

Chicago, May 2.—Active trading and sharply higher prices developed today in the corn market. Increased shipping demand from the east, together with shrinking of receipts were the chief bullish factors. Profit taking sales on the part of the early buyers failed to bring about any important reaction. Opening prices, which ranged from $\frac{1}{2}$ to $\frac{1}{4}$ higher, with July 1.63 $\frac{1}{4}$ to 1.64 $\frac{1}{4}$ and Sept. 1.60 $\frac{1}{2}$ to 1.61 were followed by decided further gains.

Oats partook of the strength of corn. After opening $\frac{1}{4}$ off to $\frac{1}{8}$ higher, with July 71 $\frac{1}{4}$ to 71 $\frac{1}{2}$ and Sept. 67 $\frac{1}{2}$ to 68, the market scored a moderate general advance.

Provisions were upward bent with grain and hogs. Offerings appeared scarce.

DIXON OPERA HOUSE

"The Honey Moon Limited" one of the newest of the 1919 type of musical comedies, will be seen at the Dixon opera house tomorrow night. Charles F. Yale, the sponsor, is well known in his particular field through his productions of "The Red Rose," "Pretty Baby," etc. It is said that "The Honey Moon Limited" is the biggest popular priced musical attraction on the road and judging from the inspiring reports that have preceded it, it is altogether probable that it will establish a record whereby others in the future will be judged. Novelty is declared to be the keynote of the piece and interspersed throughout are more than a score of the popular song hits of the day. "The Honey Moon Limited" is heralded as a "high speed" musical comedy. From the rise of the curtain in the opening act until the finale the piece moves in a fast and pleasing manner which will be distinctly appreciated by the playgoer so accustomed to musical shows containing a surplus of dialogue. It is promised that the line in "The Honey Moon Limited" are filled with bright and witty dialogue. The opening is called "A Trip to Palm Beach," while the closing scene is the Metropolitan roof garden, New York City, showing the Brooklyn bridge at midnight. The scenery is bright and new and staged sumptuously. The costuming of the principals and chorus is declared to be most pleasing.

DIXON DOCTORS ATTEND MEETING AT ROCHELLE

Dr. Trowbridge and Dr. McNicol were in Rochelle yesterday in attendance at the Second District Illinois Osteopathic meeting. The program was a very interesting one. Dr. Shellenger, of Rockford, gave his experiences in the United States army. A paper was read on "The Osteopathic Treatment of Diseases of the Stomach" and Dr. Trowbridge read a paper on "The Osteopathic Victory in the Recent Flu Epidemic." This proved especially interesting and brought out considerable discussion as to methods and treatment. Since the epidemic figures tabulated by the American Osteopathic association covering 52,597 cases of flu treated osteopathically with only 179 deaths. This is less than one death out of every 200 cases or 0.325 per cent.

Of the above number only 3,951 developed pneumonia with a death rate in pneumonia of 10.4 percent or a combined death rate of only 0.33 percent. Less than one patient out of every 100 treated.

POLO DRUGGIST IS CALLED THURSDAY

Charles A. Dingley, former druggist of Polo, and one of the best known citizens of that city, passed away yesterday at the family home there at the age of 66 years. He had been in ill-health for three years, but during the past year has been gradually growing worse.

Several weeks ago Mr. Dingley, who had been in the drug business for 39 years, sold his business and retired from active life. He had been in ill-

health for three years, and during the last year had gradually grown worse.

He is survived by his wife and two children, Miss Emily Dingley, of Washington, D. C., and Milton Dingley, of Polo. He was born in New York May 3, 1853, and was married to Miss Sylvester before he came west.

He was a member of the I. O. O. F. and the Rebekah lodges. Funeral serv-

ices will be held Sunday afternoon at 1 P. M. at the I. O. O. F. hall in charge of the Odd Fellows. Rev. Mr. Perry will officiate and the body will be interred in Fairmount cemetery.

MOBS KILL 324 PERSONS IN PAST THIRTY YEARS

New York, May 2.—In the past thirty years 324 persons have been put to

death by mobs according to a report today by the National Association for the Advancement of Colored People. From 1889 through 1918, the north has had 219 victims, the south 2834, the west 156 and Alaska and other localities

15. "Georgia leads in the list with 33 victims," the report says.

Stop itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. It is a large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute. Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "perk up" the clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says R. J. Doty, plant superintendent of the Sawyer Steel Casting Company, Milwaukee, Wisconsin.

"The best oak tanned leather soles last about three weeks under the abuse given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-bottomed with Neolin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Neolin Soles guaranteed to outlast all other leathers.

Make This Test For

Acid-Stomach

There are millions of people who suffer almost daily from the horrors of acid-stomach—indigestion, sour, gassy, stomach, distressing heartburn, sickening food-repelling, painful flat and that miserable, puffed up, lumpy feeling after eating. Many of these people have tried treatment after treatment; medicines after medicine; others have gone to doctors and stomach specialists and come to hospitals but in spite of all of their efforts they have obtained no lasting relief or a permanent cure.

These symptoms simply mean acid-stomach. If allowed to run on, they are very likely to cause a lot of serious trouble. Dyspepsia, rheumatism, headache, dizziness, nervousness, sleeplessness, neuralgia, indigestion, flatulence, a feeling of fullness and heaviness—these are just a few of the disorders which can be traced to acid-stomach. As a matter of fact, acid-stomach is often the direct cause of those almost insupportable conditions known as cancer of the stomach, intestinal cancer, and cancer of the pancreas.

The lives of those who suffer from these serious troubles are often shortened by daily agony. Surely, then, you must see how important it is to get rid of the acid in your stomach—quickly. You know what acid-stomach does to the teeth—how it eats right through the hard enamel and causes them to decay. Think then of the havoc that must be caused by excess acid in the stomach!

Even if you are not suffering any immediate stomach pains, but are not feeling just as fit and fine as you should, you should by all means make this test, go to your drug store at once and get a big box of EATONIC. It is in the form of pleasant-tasting tablets—you can eat them like a bit of candy. EATONIC is prepared for just one purpose—correcting acid-stomach by driving out the excess acid. EATONIC literally absorbs the excess acid. It brings instant relief from the pains of indigestion, heartburn, belching, sour, gassy stomach, bloating, etc. It makes the stomach pure, sweet, cool and comfortable. It gives you a normal, healthy condition. You need every bit of properly digested food. You need every bit of the food you eat—and EATONIC helps you get it.

Don't put this test off if you value your future good health and happiness. You run no chance at all because EATONIC is absolutely guaranteed to give you relief or your money back. You need every bit of the food you eat—and EATONIC helps you get it.
